

Illinois Tech (IIT)-Wright College:

Accredited B.S. and M.S. Engineering Degree Programs

Engineer Your Future with **Illinois Tech**
Guaranteed Admission to Chicago's Only Tech-Focused University

The new Illinois Tech (IIT)-Wright Engineering program offers **guaranteed admission** for students pursuing an associate in engineering science degree from City Colleges of Chicago-Wright College to complete their education at **Illinois Tech's** Armour College of Engineering.

Our joint partnership is a highly selective program that provides students with a seamless transition to continue their studies and obtain a bachelor's degree in engineering from Illinois Institute of Technology—with the option of working toward a graduate degree.

This one-of-a-kind program allows you to:

- Take classes at both institutions concurrently, including gateway courses at Illinois Tech prior to transferring for a **discounted rate of \$100 per credit hour**.
- Receive a **guaranteed \$25,000 scholarship annually plus a one time \$5,000 elevate scholarship** from Illinois Tech upon completing the guaranteed admission program at Wright College.
- Complete your engineering degree at Illinois Tech, a nationally ranked research university recognized for hands-on learning and ranked **#1 in Illinois** for the mid-career earnings of its graduates with financial aid. (*PayScale* 2018)
- Receive dual advising from admission counselors and career services, as well as near-peer, academic and faculty mentoring at both Wright College and Illinois Tech.

To be eligible for guaranteed admission, Wright College students must apply and be accepted to the guaranteed admission program through City Colleges of Chicago-Wright Engineering.

For more information and application details, visit us at go.iit.edu/ccc.
