BRIDGES INTO ENGINEERING & COMPUTER SCIENCE
Engineering Summer Bridge Camp at Wilbur Wright College

APPLICATION INFORMATION
Students can apply for the program during their senior year of high school. Application opens November 1, 2020.

ADMISSION REQUIREMENTS
- GPA: 2.0
- Proctored ALEKS: below 76
- U.S. residency
- Application and essay submission

Visit ccc.edu/engineering to register for an online Information session
Information Sessions at 6:00 PM
In person - Wright S247 or via Zoom
October 21
November 18
January 27
February 10
March 10
April 7

ABOUT THE PROGRAM
A robust program to help increase the number of minority and underrepresented students in Engineering and Computer Science programs, the Bridges into Engineering & Computer Science focus on key transitions along students’ educational journeys. Designed to shorten time to degree completion and provide students a straight pathway to desired 4-year transfer institution, this program can prepare students for the rigors of a degree in engineering and/or computer science. Fifty percent (55%) of the Bridge Participants completely eliminated remedial Math.

BENEFITS OF THE PROGRAM
- Prepares students for a rigorous engineering curriculum at UIUC, IIT, UIC, SIU, and other colleges
- Paid summer bridge program (math and chemistry preparation assessed)
- Tuition fee waivers for qualified, low-income students for Engineering Gateway classes (one semester of math and science skills enhancement to further strengthen students’ foundation) if necessary
- Student support with intensive tutoring, faculty and near-peer mentoring, intentional academic advising, and social and professional participation
- Scheduled visits to desired transfer institutions
- Memberships in professional societies
