ABOUT THE PROGRAM

Wright College offers dynamic, high-quality engineering transfer pathways designed for school students with an interest in computer science and engineering. Featuring small classes, talented instructors, comprehensive support, and opportunities both inside the classroom and beyond, these programs offer qualified students guaranteed admission to The Grainger College of Engineering at the University of Illinois at Urbana-Champaign and the Armour College of Engineering and the College of Computing at the Illinois Institute of Technology.

Our Engineering program was recently recognized by INSIGHT Into Diversity as a “2021 Inspiring Program in STEM.”

What Sets Us Apart

- Quality and Equitable Education aligned with transfer institutions and access to clear and guided pathways
- Significant savings in tuition and fees
- Financial support for selected students qualified to work as engineering tutors, near-peer mentors and ambassadors.
- Internship partnerships with globally-recognized companies
- Undergraduate research opportunities at Argonne National Laboratory, Illinois Institute of Technology, Northwestern University, and Princeton University
- Intentional and dual advising with Wright College and transfer institution advisors
- Memberships in distinguished professional societies (ACM, ACS, ASME, NSBE, SASE, SHPE, and SWE)
- Professional Development opportunities (leadership, networking, career preparation, etc)

Complete all sections of this application, and along with required documentation, submit electronically to WrightEngineering@ccc.edu.

Required documentation:

- Current CCC students
  - Unofficial CCC transcript

- High School students
  - Placement exam results (ALEKS)
  - High school transcript (official or unofficial)
  - Transcript(s)/certificates if more than one high school attended
  - Transcripts(s)/certificate if student completed the High School Equivalency Test
  - Copy of your ACT/SAT scores (recommended)
